SHADING | FLOORING | ACOUSTIC SURFACES

## Creating the ideal environment

It's very easy to underestimate the importance of creating the ideal interior environment. Few people would argue the importance of being able to reduce glare in an office, heat and noise in a classroom, offering patients the privacy they need in a hospital or even something as simple as selecting the ideal floor to meet your demands. That is why we pride ourselves on offering an extensive range of shading, flooring and acoustic solutions, designed for everyone in every situation.

## The reassurance of working with TaylorWest

Deciding who to entrust with these requirements is a crucial decision. You need the reassurance of excellent service, competitive pricing and of course an extensive product range. TaylorWest draws on over 100 years of experience in the fields of shading, flooring and acoustic solutions. From the initial advising of products through to final installation, you'll feel confident that you've entered into a long-term relationship with a company that truly cares about your needs.

area to dampen sound

HushPanel with printed design in conference room

## HushTex, a quiet revolution

HushTex is revolutionary. It has been designed specifically to control and reduce reverberated noise in building interiors by up to 100%, depending on which product you choose, thus creating a peaceful and more enjoyable environment for everyone. It is lightweight, environmentally friendly and comes in many different formats including tile, role or panel, to suit every application.

## Creating a better environment in many ways

The beauty of HushTex is that it performs an important role, whilst becoming an integral part of its surroundings, and a visual feature in any room. It can be installed in almost any situation, is available in multiple colours, can be shaped, cut, pinned to and printed on. It is the ideal solution for enhancing working environments both acoustically and visually.

## Quality flooring that makes a statement

Flooring is more than a functional requirement in a room, it's an integral part of how you feel in a particular place. The right choice of floor can transform a space into a warm welcoming environment, a professional contemporary space, or a stylish statement. Thankfully at TaylorWest we have flooring solutions to match any design brief.

## One name for all floor types

It's good to know that at TaylorWest our extensive range of flooring materials means that we can fulfil all of your flooring requirements under one roof. From carpeting and safety vinyl, to timber flooring and marmoleum our installation and sales team offer a friendly, efficient service and unique flooring solution every time.

# Quality flooring solutions

- A pedigree history of quality flooring solutions
- An extensive range of products including carpets, timber and vinyl
- Professional installation and efficient service
- Experienced in handling the largest projects
- Altro and FloorTex approved safety flooring contractor

## Quality and choice for interior designers

In the interior design market quality and choice are paramount, which is why we work hand in hand with you, the designer, to offer an extensive range of interior and exterior shading solutions in traditional and contemporary styles. Utilising high specification products and the latest technology to control heat, light and glare, this is a range with outstanding credentials.

## Bespoke solutions to complement your ideas

As a designer it is important not to have your creativity stifled, so when it comes to shading solutions we encourage designers to push the boundaries. By drawing on our extensive product and technical knowledge our team can produce bespoke, custom-made shading products to suit any project however challenging.

## Durable solutions for the education sector

Often in the education sector the most common priority above all else is durability, which is why at TaylorWest we offer a range of robust, practical and easily replaceable shading and screening solutions, including a range of exterior products, for effective solar control. Additionally, options such as reflective or blackout fabrics are standard within our range and offer cost-effective solutions for making the school environment a more comfortable place for staff and pupils to work in.

## Answering specific education needs

To combat situations in classrooms where you have excessive light, heat and glare, we have a range of roller blinds made with standard, blackout or reflective fabrics designed to reduce solar gain; for precise light control we offer a range of hard wearing vertical blinds. If you have requirements such as dormitory or stage curtains, we offer a full range of curtain styles including blackout and acoustic, ideal for music and drama rooms where light or noise reduction may be a priority.

# Education shading solutions

- A wide range of robust and cost-effective shading products
- Light-reflective and blackout fabrics to control light and glare
- Solutions for reducing heat in your classrooms
- A range of curtain types including noise reduction fabrics, ideal for drama, music or stage areas
- A range of sails, awnings and canopies ideal for outdoor play areas

## The finishing touches to the carehome market

When managing something so important as a comfortable living space for clients it is crucial to choose a company that can provide a professional range of shading and privacy solutions. A range that not only allows you to control light, heat and privacy but can be custom made to create a friendly and welcoming environment.

## A tailor-made service to exceptional standards

We offer an extensive choice of made-to-measure curtain styles, machined and finished to exceptional standards, including a range of tracks, poles and accessories to suit your curtain choice. We also provide a wide range of venetian, roman and roller blinds and ensure that all of our fabric range is flame retardant to current British Standards.

Quantock range on a timber pole

## Carehome shading solutions

- The highest quality products across our range
- Individually tailored solutions to meet the demands of each carehome
- Quick turnaround times ensure minimum disruption
- Fire retardant fabrics to British Standards
- Exceptional service and excellent after-sales care

Anti-bacterial disposable curtains from our Quantock range

## Understanding the needs of healthcare

Our expertise in the healthcare market allows us to quickly and effectively assess your needs. We understand that as well as patient comfort and privacy, you need a cost-effective solution that is quick and easy to clean, or replace if necessary and one that works in a germ free environment. We offer a full range of healthcare products including washable curtains, anti-bacterial disposable curtains with tracks to suit, plus roller and vertical blinds.

## For the most demanding circumstances

Many of our blinds, curtains and tracks come pretreated with anti-bacterial formulas and all have been fully tested and approved for the medical industry. We also offer a range of anti-ligature products such as blinds, curtains and cubicle tracks designed specifically for situations where patient self harm may be a concern.

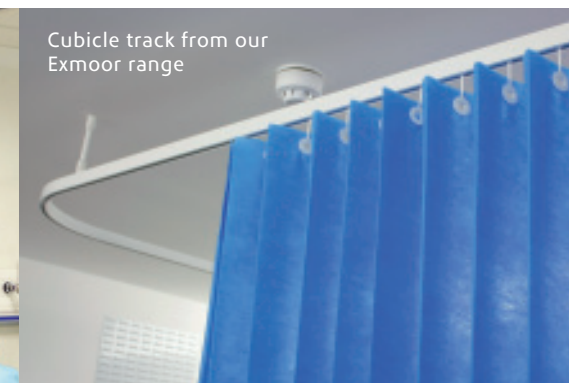

## Healthcare shading solutions

- Cost-effective range of healthcare products to go around beds, couches, doors and windows
- Laboratory tested, pre-treated, anti-bacterial fabrics and products
- All fabrics fire retardant to British Standards
- Range of anti-ligature products available
- Exceptional service and excellent after-sales care

## Meeting the demands of the commercial world

Large glass expanses are commonplace in today's modern architecture, such as atriums, skylights, rooflights and often feature in many commercial buildings. Being able to control light, heat, glare and privacy with a range of hardwearing, cost-effective shading solutions is crucial. We have experience in providing and installing professional solutions for all commercial situations large and small.

## The complete commercial package

Creating a comfortable working environment for your employees or client is important to you, but with costs often being an issue, we focus on providing products that we know will withstand the everyday rigors of constant use. Many of our blinds come with a 5 year guarantee and all fabrics are flame retardant to British Standards. We pride ourselves on our service and after-sales care, so you have complete peace of mind that your shading solutions will be maintained for years to come.

Electrically operated roller blinds from our Dartmoor Premium range

# Commercial shading solutions

- An experienced, qualified team with extensive product knowledge
- Cost-effective, hardwearing range of shading solutions
- Products can be tailored to suit your needs
- Friendly, consistent service and excellent after-sales care
- 5 year guarantee on many of our product ranges

## Hotel and leisure shading solutions

- A range of welcoming and warming solutions to suit all hotel and leisure environments
- A vast range of interior products including curtains, poles, tracks, tie-backs, blinds and more
- Hardwearing, quality products at competitive prices
- All fabrics fire retardant to British Standards
- Quick turnaround on all products and installation

### Complementing hotel interiors

We are more than used to the exacting requirements of the hotel and leisure industry and are able to offer an extensive range of shading and privacy solutions that will complement and enhance your interior.

### Taking control of your requirements

From controlling heat and light in lobbies, to adding privacy or enhancing the comfort of individual rooms, or even exterior awnings for outdoor eating areas. We can supply orders quickly, efficiently and all finished to a high standard of quality. We also offer a free consultation service to help guide you through the decision process.

#### OUR MISSION STATEMENT

Our vision is to exceed the expectations and needs of our clients. We are committed to achieving this through honesty, reliability and integrity.
